Provides an Environment friendly fuel

SNGPL's Profile

Sui Northern Gas Pipelines Limited (SNGPL) was incorporated as a private limited company in 1963 and converted into a public limited company in January 1964 under the Companies Act 1913, now Companies Ordinance 1984, and is listed on all the three Stock Exchanges of the Country.

The Company took over the existing Sui - Multan System (349 km of 16 inch and 129 km of 10 inch diameter pipelines) from Pakistan Industrial Development Corporation (PIDC) and Dhulian - Rawalpindi - Wah system (132 km of 6 inch diameter pipeline) from Attock Oil Company Limited. The Company's commercial operations commenced by selling an average of 47 MMCFD gas in two regions viz. Multan and Rawalpindi, serving a total number of 67 consumers.

SNGPL is the largest integrated gas company serving more than 2.95 million consumers in North Central Pakistan through an extensive network in Punjab and NWFP. The Company has over 44 years of experience in operation and maintenance of high-pressure gas transmission and distribution systems. It has also expended its activities to undertake the planning, designing and construction of pipelines, both for itself and other organization.
